"Great writing. Such rich history told in a compelling way. Follett is the master storyteller. -Patti

RIP

We lost the best of story tellers recently. Tom Wolfe. I will miss him. I know he was controversial and a fair number of people think that his writing was very less than great but I could not get enough of the over the top bazaar characters and nutty story lines that were supposed to be representative of the current times. On a certain sad level, I can imagine each character in *Am Charolette Simmons* in the real setting of any U.S. college. I found myself hauntingly entertained by each of his novels.

"About strong women in Appalachia, lyrical writing, 3 different story lines come together and I learned the importance of predators." -Loretta

"This is just hilarious! A totally fun book. -Debbie
