Student Summer Reading

The Center of AMI is once again demonstrating their commitment to reading in their Summer Reading Program. The Island Library continues its Summer Reading Program in addition to Reading with the Rays. As if we don't have enough reasons to love the Horne family of Anna Maria Oyster Bar, he/his restaurant sponsor the 'Dive Into Reading' program with support from the community. Three days a week in June, he brings 3 groups of kids to have breakfast and read in an effort to combat the Summer Slide and to realize the genuine caring of this community. Very big wow.

Whatta Group of Gals

Our Page Turners @ CAMI book Club wanted to say thank you to the Center of AMI for making space for us to meet every 1st Monday of the month. We collected \$505 to donate to the Summer Reading Program. I continue to be amazed at the generosity of this group.

The last conclusion from a lengthy [School Library Media Research Journal](#) reads: *Common features of effective programs designed to promote reading in schools, homes, and libraries include access to varied material that appeals to all ages and tastes, active parent involvement, partnerships among community institutions, and collaboration among significant adults in students' lives.* I personally believe that community partnerships and adult collaboration is the village it takes. On so many levels, we can be proud to be a part of this AMI village.
